Market Street Advisors Wins American Independence Financial Services

Edison, NJ, October 28, 2008 - Market Street Advisors has signed an agreement with American Independence Financial Services, LLC to provide technology and services for Separate Account middle and back office functions. Market Street Advisors will provide an integrated platform delivered through a web-based interface that includes: portfolio accounting, order management, daily time-weighted performance measurement, real-time reconciliation services, and comprehensive reporting.

AIFS is expanding its managed duration fixed income offering, "Active Treasury Management," into the separate account distribution channels. AIFS chose to outsource the related administrative and technological functions to a team that understands the unique challenges of the investment management business. Importantly, AIFS can expand the size and scale of its offering over time.

According to Senior Executive Director of Private Wealth Strategies, Emil Polito, "We look forward to building a very successful offering in the separately managed account channel. AIFS is focused on differentiating in the investment process, where we believe we have a unique skill set, and not our middle and back office. Market Street Advisors supports our entire separate account business on a single platform. These guys know this space. We won't have to revise our platform as we roll out new offerings."

Bevin Crodian, Market Street Advisors' CEO, said "Market Street is proud to partner with American Independence. Emil Polito, as well as Kirk Barneby, Head of Fixed Income Portfolio Management, are consummate professionals with proven track records and combine for over 65 years of investment management expertise.

About Market Street Advisors

Market Street Advisors is an outsourcer of middle and back-office administration for asset managers and platform sponsors. Market Street Advisor's stated corporate goal is to provide lower total cost and increased functionality for the middle and back office of the investment management industry. Working from a fully integrated, internet-based platform, Market Street Advisor's experienced team provide a wide range of services for institutional, private wealth and wrap investment managers including: tax lot accounting, portfolio management, pre and post-trade compliance, automated reconciliation, performance measurement and reporting, as well as integrated workflow and document management.

About American Independence Financial Services, LLC.
